2011 OUTLOOK

Having fulfilled their destiny by restoring faith and honor in the Great Master David N. Mullany, the Disciples must now fight to maintain that wiffle harmony and balance. These chi-amps of wiffle goodness will become targets by those hell-bent on creating plastic chaos and perforated upheaval. The Furious Five must maintain the "amps" in 2011 if they are to succeed. And a renewed alliance with the Braggin' Warrior, Dave Jecha, Master of the OBP, should bring them more than enough "chi".
